TENANTS CONDEMN PLAN TO SELL OVER 1,000 HOMES

TORONTO - *Tenants For Social Housing* are holding a media conference outside the Toronto Community Housing Board meeting on Friday, October 21, 2011 at 9:00am.

Tenants are surprised that Toronto Community Housing plans to sell over 1,000 homes and are shocked that staff did not inform tenants affected that their homes might be sold. *Tenants For Social Housing* have been dropping letters and calling tenants this week to inform them that their address was named in a report calling for the sale of their home and over 1,000 more. Some of these residents are attending the media conference and speaking at the TCH Board.

Tenants are demanding the Board bring humanity back into TCH and put tenants first by rejecting the staff report to sell over 1,000 homes.
